OFFICIAL STATEMENT

We, the National Board of Delta Chi Lambda, Inc., express our deepest condolences to the families of those affected by these continued tragedies. In this time of uncertainty and confusion in our world, we must come together for change. We are choosing to stand against racism and violence against the African American community. This is not just an African American problem. This problem falls on the shoulders of all of us. At this time, we would continue to encourage all to “Keep your eyes, mind, and heart open.”

In solidarity,
National Board of Delta Chi Lambda, Inc.
